

Feb.2025

ELMO Europe SAS

Information about an update for Wireless Presentation System “HS-2”.

Dear customers,

we sincerely appreciate your continued support of ELMO products. We are pleased to announce the release of the HS-2 application, which is designed to enhance quality.

- **Update Date**
Starting February 10, 2025 (Monday)

- **About the Application Update**
Please note that the application update will not occur automatically and may take some time, so we kindly ask you to plan the schedule for the update.

- **Update Details**
Improved compatibility issues related to Chromecast mirroring.

Contact Information:

E-Mail: info@elmoeurope.com

Telefon: [+33 \(0\)1 74 54 49 81](tel:+33(0)174544981)

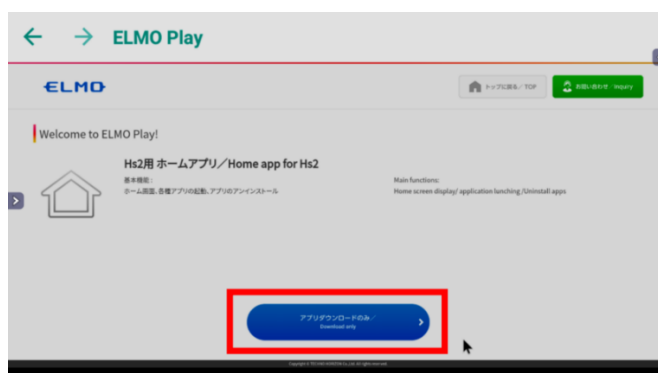

- **How to update**

To update the application, HS-2 must be connected to an external network.

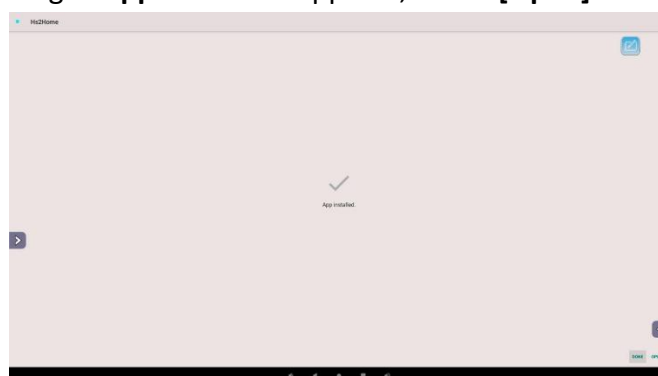

1. Open the HS-2 home screen and select **“Hs2 Home App”** from the **“ELMO Play”** menu.

2. Please follow the provided instructions to download the Hs2 Home App. During installation, if a dialog appears requesting permission to install an unknown app, please select **[Download only]**.

3. When the message **"App installed"** appears, select **[Open]** to launch the app.

That's all.
